

AQUASEAL

PAFUKI

Filling Gaps Environmentally Friendly and Color-Neutral

The Water Based, Low Emission and Liquid Wood Gap Filler

Berger-Seidle

...wood floors deserve the best!

AQUASEAL® PAFUKI

Water Based, Liquid Wood Gap Filler!

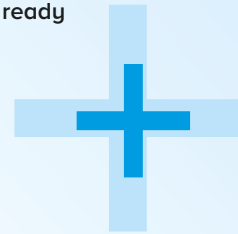

AQUASEAL® PAFUKI, is the waterbased wood gap filler to mix your own filler. The product shows a great workability, easy to use and reliable. It is available in 5 and 1 liter packaging.

The daily use of AQUASEAL® PAFUKI convinces with its properties – and performs on the same level as solvent based fillers. Of course, it can be over coated with all AQUASEAL finishes after the last fine sanding.

The Advantages

- + by adding and mixing with the individual wood sanding flour the customized filler is ready
- + easy to identify on the surface
- + great filling properties and stability
- + usual workability with spatula
- + no color differences
- + great volume stability minimizes sinking of the filler in the gaps
- + no danger of gap darkening at oak
- + just 30-45 minutes to wait in usual small gaps before sanding
- + can be used also one day after mixing if the box is properly closed
- + not flammable
