

BERGERBOND

ADHESIVES

Wood Flooring Adhesives Providing Exceptional Bonding

A Maximum of Technical Safety
by Technically Matched, Premium Adhesive Systems

Berger-Seidle
...wood floors deserve the best!

BERGERBOND - The Premium Quality Brand

Being a specialist for wood floor finishing, maintenance and gluing, Berger-Seidle is a unique and specialized full-system supplier. Getting all the products from one source, provides the highest possible level of safety to the professional user, and makes ordering, transportation, warehousing and technical support much easier. The matched chemistry between adhesives and surface treatment is a core issue for professional that is perfectly solved. With Berger-Seidle's program precisely customized and matched solutions are available. BERGERBOND

represents as the brand of Berger-Seidle the highest quality level and reliable competence, manufactured due to the latest criteria of DIN EN ISO 9001, certified since 1998. Technical safety, protection of environment, user and owner are priority A by BERGERBOND systems, as usual in the Berger-Seidle program. Being a manufacturer and member at GEV or TKB associations, Berger-Seidle also pushes and supports actively the latest developments and R&D in the branch. Customers trust this strong system quality of Berger-Seidle since decades.

The Advantages

- + Competence for adhesives since 1928, 100% Made in Germany
- + Great workability properties, matched open time, strong adhesion power and many easy-to-remove options
- + Very low emission and smell level, many EC1-options
- + Quickly ready-to-proceed after application
- + Minimized skinning and maximized shelf-life by bag packaging options
- + Reliable shelf-life and strong price quality ratio
- + Fine-tuned level of hardness and elasticity
- + Colorful options by the flexible BERGERBOND COLORADD system to meet individual wood colors

Your Choice

Product	Category	Processing time	Special strengths
BERGERBOND PRIMER D	1K Dispersion Based Primer	-	Solvent-free, waterbased, dust-binding, preparing the subfloor sinking property
BERGERBOND PRIMER P	1K PU Based Primer	-	Solvent-free, water-free, dust-binding, subfloor stabilizing and humidity reduction, for sinking and non-sinking subfloors
BERGERBOND PRIMER E +Hardener	2K Epoxy Based Primer	20-30 min.	Solvent-free, water-free, dust-binding, subfloor stabilizing and humidity stopping, for sinking and non-sinking subfloors
BERGERBOND P1	1K PU Based Adhesive	30-40 min.	Solvent-free, water-free, strainless, non-shrinking, stable, multi-purpose usage
BERGERBOND P2S +Hardener	2K PU Based Adhesive	50-60 min.	Solvent-free, water-free, non-swelling, non-shrinking, stable, low-cost alternative
BERGERBOND M1P	1K SMP Based Adhesive	30-40 min.	Solvent-free, water-free, non-swelling, non-shrinking, stable, easy-to-remove leftovers, universal usability
BERGERBOND M1	1K SMP Based Adhesive	25-35 min.	Solvent-free, water-free, non-swelling, non-shrinking, stable, easy-to-remove leftovers, very broad usability, including most planks
BERGERBOND MIX	1K SMP Based Adhesive	25-35 min.	Solvent-free, water-free, non-swelling, non-shrinking, stable, easy-to-remove leftovers, very broad usability
BERGERBOND D1	1K Disp. Based Adhesive	10-20 min.	Solvent-free, low water content

Further special adhesives are available in our complete program overview, such as neoprene contact adhesives, color concentrates for individual adhesive coloration or universal other flooring adhesives and additional product information.
