Offering Unlimited Options

Berger-Seidle

...wood floors deserve the best!

CLASSIC BASEOIL COLOR

A Basis Characterized by High Quality and Universatility

This CLASSIC OIL series product combines versatility in application with maximum environmental and consumer protection and occupational safety. Featuring a solid content of 100 vp, a very mild residual VOC and its renewable ingredients made of native oils, CLASSIC BASEOIL COLOR ranks among the most environmentally friendly oil-technique products.

CLASSIC BASEOIL COLOR was designed for easy, uniform application as well as intensive deep penetration. This makes it the perfect basis for oil. On this basis you can:

- a) work in one layer
- b) do the second layer as the top one in oil products (CLASSIC 100PROOIL, CLASSIC HARDOIL)
- c) build up multiple-layer coats with well-proven waterbased finish products

The detailed system configurations and their characteristics are described in more detail overleaf of this booklet. All exact system configurations of oil technique are listed in the module-system table on page 3 of the booklet CLASSIC OIL MODULE SYSTEM.

In all cases we have the typical and much-loved oil look, i.e. grain enhancement and natural wood character. Because of its easy and even spreadability it is the most straightforward coloration technique with most intensive color effects made by Berger-Seidle. To shorten the drying time and to qualitatively improve the job at hand there is available, in case of need, the reactive agent CLASSIC PLUS. This is admixed and stirred in at the ratio 10:1.

CLASSIC BASEOIL COLOR - Overview of Advantages

Classic look with charm

- + Decent shine
- + Natural look
- + Accentuation of wood color and grain
- + A touch of tradition
- + Option to intensely shade

Mechanical-physical properties

- + Toy compliance as per DIN EN 71-3
- + Salvia and sweat compliance as per DIN 53160
- + Slip resistance as per DIN 51130 / BGR 181
- + Reduced edge-bonding and less side-bonding failures
- + Wear resistant surface
- + Impregnates deeply
- + Dirt-repellant
- + Highly elastic
- + Partial repairability (pure oil systems only)
- + Water-vapor impermeable
- + The system can be used very flexibly in 1K and 2K
- + Food certificate acc. to LFGB and (EG) No. 1935/2004

Environment profile

- + 100 % solids (colorless)
- + Formula on the basis of natural raw materials
- + Renewable raw materials
- + Resource-conserving due to low material consumption (about 20 to 50 g per sq m)
- + Drying with oxygen from air
- + Breathable

Chemical resistancies (acc to DIN 68 861)...

no negative impact by the following household agents...

- | | | |
|------------------|-----------------------|-----------------|
| + Vinegar acid | + Black tea | + Ethyl acetate |
| + Lemon acid | + Black currant juice | + Butter |
| + Red wine | + Condensed milk | + Olive oil |
| + Beer | + Water | + Table salt |
| + Cola drinks | + Petrol | + Onion |
| + Instant coffee | + Acetone | |

Colored Floors Achievable ...

Thanks to the factory-colored variant of CLASSIC BASEOIL COLOR a decent up to heavy surface coloration is feasible. This means coloring and oiling in one go. The way of application allows for evenly colored areas. There are around 60 standard and trend color shades available (see color chart at right side). Beyond that, other special shades are available too. Please additionally read our current technical data sheet.

Ultra White

OILS-18171 (1.32 gal)
OILS-10171 (33.8 oz)
OILS-20171 (4.2 oz)

The possibilities of printing to reproduce colors are limited. That is why there can be slight differences between the colors printed and the true shades. The shades as pictured were produced on oak. With other woods there may be differences. For this reason always make an original sample for approval.

CLASSIC BASEOIL COLOR SAMPLE SET

The world of colors, applied on oak, beech or maple, convenient and perfectly protected by the **BERGER-SEIDLE SYSTAINER®**:

Explore the world of colors with our high-quality sample fans on different types of wood. The CLASSIC BASEOIL COLOR SAMPLE SET consists of two exclusive, handmade samples made from white oak, beech or maple. The samples show all CLASSIC BASEOIL COLOR standard and trend colors, for physical visualization and presentation different wooden surfaces. The samples are perfectly protected by the premium BERGER-SEIDLE SYSTAINER® box for a safe transport to customers. Order now and take the chance to perfectly present the world of individual coloration!

CLASSIC BASEOIL COLOR SAMPLE BOX

The world of colors available in a unique, sample kit, convenient and perfectly protected by the **BERGER-SEIDLE SYSTAINER®**:

The unique CLASSIC BASEOIL COLOR SAMPLE CASE is an extremely convenient and fully equipped sample kit for the individual and flexible color shade sampling of all CLASSIC BASEOIL COLOR standard and trend colors. The kit contains around 60 color sample cans, plus helpful application tools. The box is made of a solid wood construction, avoiding tilting of cans during transport completely. Existing colors can be presented and new color shades can be designed and created individually.

The wooden box is perfectly protected by the matching premium BERGER-SEIDLE SYSTAINER® box for safe transport to customers. Order now and take the chance to perfectly present the world of individual coloration!

Fantastic Combination Possibilities for Versatile Oil Systems!

With CLASSIC BASEOIL COLOR, colorless or colored, the following system configurations are possible:

System configuration and care	System characteristics
one-layer oil system 1 x CLASSIC BASEOIL COLOR colorless or colored Care: BRILLIANCE OILCARE, BRILLIANCE AQUAOILCARE or BRILLIANCE FITPOLISH	low-solvent, natural open-pore impregnation/oiling
two-layers oil system 1 x CLASSIC BASEOIL COLOR colorless or colored + 1 x CLASSIC 100PROOIL Care: BRILLIANCE OILCARE, BRILLIANCE AQUAOILCARE, BRILLIANCE AQUASATINPOLISH or BRILLIANCE FITPOLISH	low-solvent, more saturated impregnation/oiling; open-pore, recommended for coloration
multiple-layers oil/combination systems 1 x CLASSIC BASEOIL COLOR colorless or colored + 2-3 x CLASSIC HARDOIL Care: BRILLIANCE EVERCLEAR	optional roller application as second layer layer-building, solvent based CLASSIC HARDOIL
1 x CLASSIC BASEOIL COLOR colorless or colored with CLASSIC PLUS + 2-3 x AQUASEAL ROYALMAT, AQUASEAL NATURALWHITE, AQUASEAL GREENSTAR, AQUASEAL CERAMICSTAR, AQUASEAL EcoGOLD or SOLVSEAL LT Export Extra Care: BRILLIANCE EVERCLEAR	combination system with oil character and matt look; finish applied with roller, surface easy-to-clean, various options

Spot removal, basic and intermediate cleaning	
The following products for spot removal and cleaning round off the complete care system:	
BRILLIANCE BIOSOAP	wood floor soap on the basis of natural, renewable raw materials
BRILLIANCE NEUTRALCLEANER	to use for cleaning
BRILLIANCE CLEANER L94 Wachsentferner	water-based ... the basic cleaner used straight to remove used-up care-product films (BRILLIANCE EVERCLEAR) or usable as mop water additive
BRILLIANCE CLEANER L91 Fußbodenreiniger	solvent-based, to use for basic and intermediate cleaning as well as for spot removal
